ABOUT

First employee at a San Francisco Web Agents startup — built GTM from scratch, crossed into product, and helped grow the platform to 2,000+ users. VC exposure across two funds. Currently studying AI Engineering and founding something new.

EXPERIENCE

Bytespace.ai · Founding Product & GTM
San Francisco, CA | Sept 2024 – Mar 2026

– First and only employee alongside both founders — Web Agents space (vs. BrowserUse, AgentKit by OpenAI)
– Built GTM from zero: 2,000+ users via outreach of up to 500 DMs/day; built affiliate program and strategic partnerships from scratch
– Bridge between users and product: translated real feedback into roadmap decisions
– Moved into product with zero coding experience; worked with CTO on self-maintaining agents and the auto-builder for web automation
– Started unpaid; left as a key contributor
